Borough of Seaside Park, County of Ocean, State of New Jersey
July 21, 2026

PLEASE BE ADVISED OF THE FOLLOWING:

This addendum is being issued on July 21, 2026, in response to bidder questions raised at the non-mandatory pre-bid conference:

1. While data of tonnage is limited for this area, the following tonnage has been reported:

May 2026 (5/18/26 – 5/28/26) – 2x week collection: 25.04 tons (ID10)
June 2026 (6/1/26 – 6/29/26) – 2x week collection: 64.69 tons (ID10)
2. Tires are not part of solid waste collection. The Borough has a tire recycling program. If tires are placed at the curb, the driver should create a list and provide it to Public Works. Please see the amendment to the wording in the specification below.
3. The contract date listed was August 1, 2026. This date will be amended to September 1, 2026. However, please note that this date can be affected by the award date, contractor review, and attorney review. The estimated date of the contract effective date is September 1, 2026. Please see the amendment to the wording in the specification below.
4. Bid Proposal Options 1 – 2 for Solid Waste Collection, erroneously depict 1x week collection for 7 months, and should be corrected to 2x week collection. The amended proposals are attached hereto.
5. In the event that Public Works is able to handle solid waste disposal and recycling in the off-season, Options 5, 6, 7, and 8 have been added, and are attached to this addendum.
